Tasting Notes

Colour	Light-golden sparkling amber
Body	Soft texture, lightly creamy, complex and pleasant mouthfeel
Nose	Ripe, fruity apricot flavors and Sherry notes are surrounded by discreet caramel and malt. The fresh and fruity notes are surrounded by some floral aromas topped off with lovely vanilla notes.
Palate	This liqueur combines gentle woody notes with tones of coffee and chocolate. A slight maltiness is felt at the beginning, which then rises beautifully in caramel and fermented vanilla bean. The fine balance between sweetness and complexity gives a special tension to this product and the soft creamy mouth feel creates an exclusive sustainability.
